Project summary

- As student mobility demands increase, the role of institutions to be responsive in managing student mobility will need to become part of institutional culture.
- This project explores the **value system**, **best practices** and **challenges** of credit transfer that promote and sustain a culture of mobility.

Why this study?

- Define a culture of mobility
- Determine best practices
- Determine challenges in creating and sustaining a culture of mobility

Research Questions

- What is a culture of mobility?
- Why is a culture of mobility important?
- What are the key determinants of a culture of mobility?
- What values are demonstrated in a culture of mobility?
- Why do small institutions want or need a culture of mobility?
- How can a culture of mobility be created and sustained?

Methodology

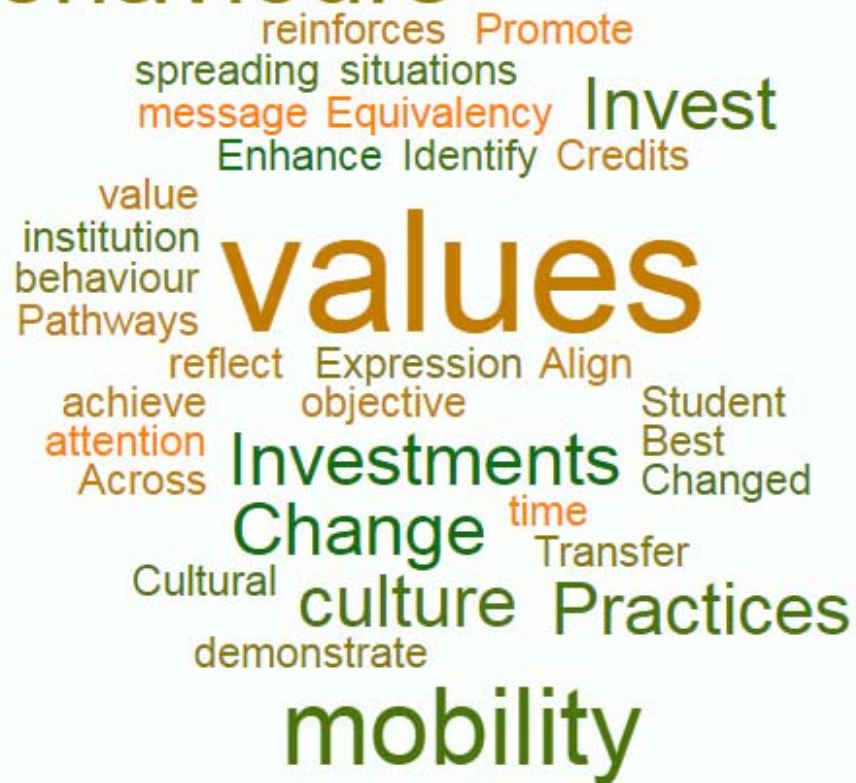

- Phase One (May-June)
 - Literature review
 - Key informant interview survey designed and implemented
 - Secondary data analysis of existing institutional documents
- Phase Two (June-November)
 - A quantitative survey involving staff and faculty from the 10 institutions (target 100 surveys)
- Phase Three (Dec-March)
 - Analysis and report

Level of Authority			
Position N=114	Colleges	University	Total
Dean	13	1	14
Associate Dean	2	0	2
Director	13	3	16
Chair	1	0	1
Coordinator	17	0	17
Faculty	4	5	9
Admissions	3	5	8
Recruitment	1	4	5
Other*	28	14	42
Total	82	32	114
* Includes VP's Administrative Assistants, Registrars, Counsellors etc.			

Key themes

- Values
- Behaviors
- Investments

Behaviours

A word cloud for the 'Behaviours' section. The word 'values' is the largest and most prominent, centered in the middle. Other words are arranged around it in various sizes and orientations. The words include: 'reinforces', 'Promote', 'spreading', 'situations', 'message', 'Equivalency', 'Invest', 'Enhance', 'Identify', 'Credits', 'value', 'institution', 'behaviour', 'Pathways', 'reflect', 'Expression', 'Align', 'achieve', 'objective', 'Student', 'Best', 'Changed', 'attention', 'Across', 'Investments', 'Change', 'time', 'Transfer', 'Cultural', 'culture', 'Practices', 'demonstrate', and 'mobility'. The colors of the words are primarily shades of green, orange, and brown.

Values

- Access
- Student success
- Faculty engagement
- Student mobility

Participants said:

“We support student success by creating bridging and valuing meaningful credit awarded at other institutions”

Participants said:

“We want to use student mobility as a way to promote their success.”

Participants said:

“...We see access as a key to student success.”

Participants said:

“...Learning is fluid...mobility is part of that.”

Participants said:

“...virtually every department...has been touched by student mobility.”

Practices /Behaviors

Institutional- Practices

- Centralized process
- Data base of information
- Information flow – website
- Identified best practices
- New program development process

Individual - Behaviour:

- Communication
- Application of the process
- Recognition of underutilized pathways
- Lexicon

Examples of Identified Best Practices

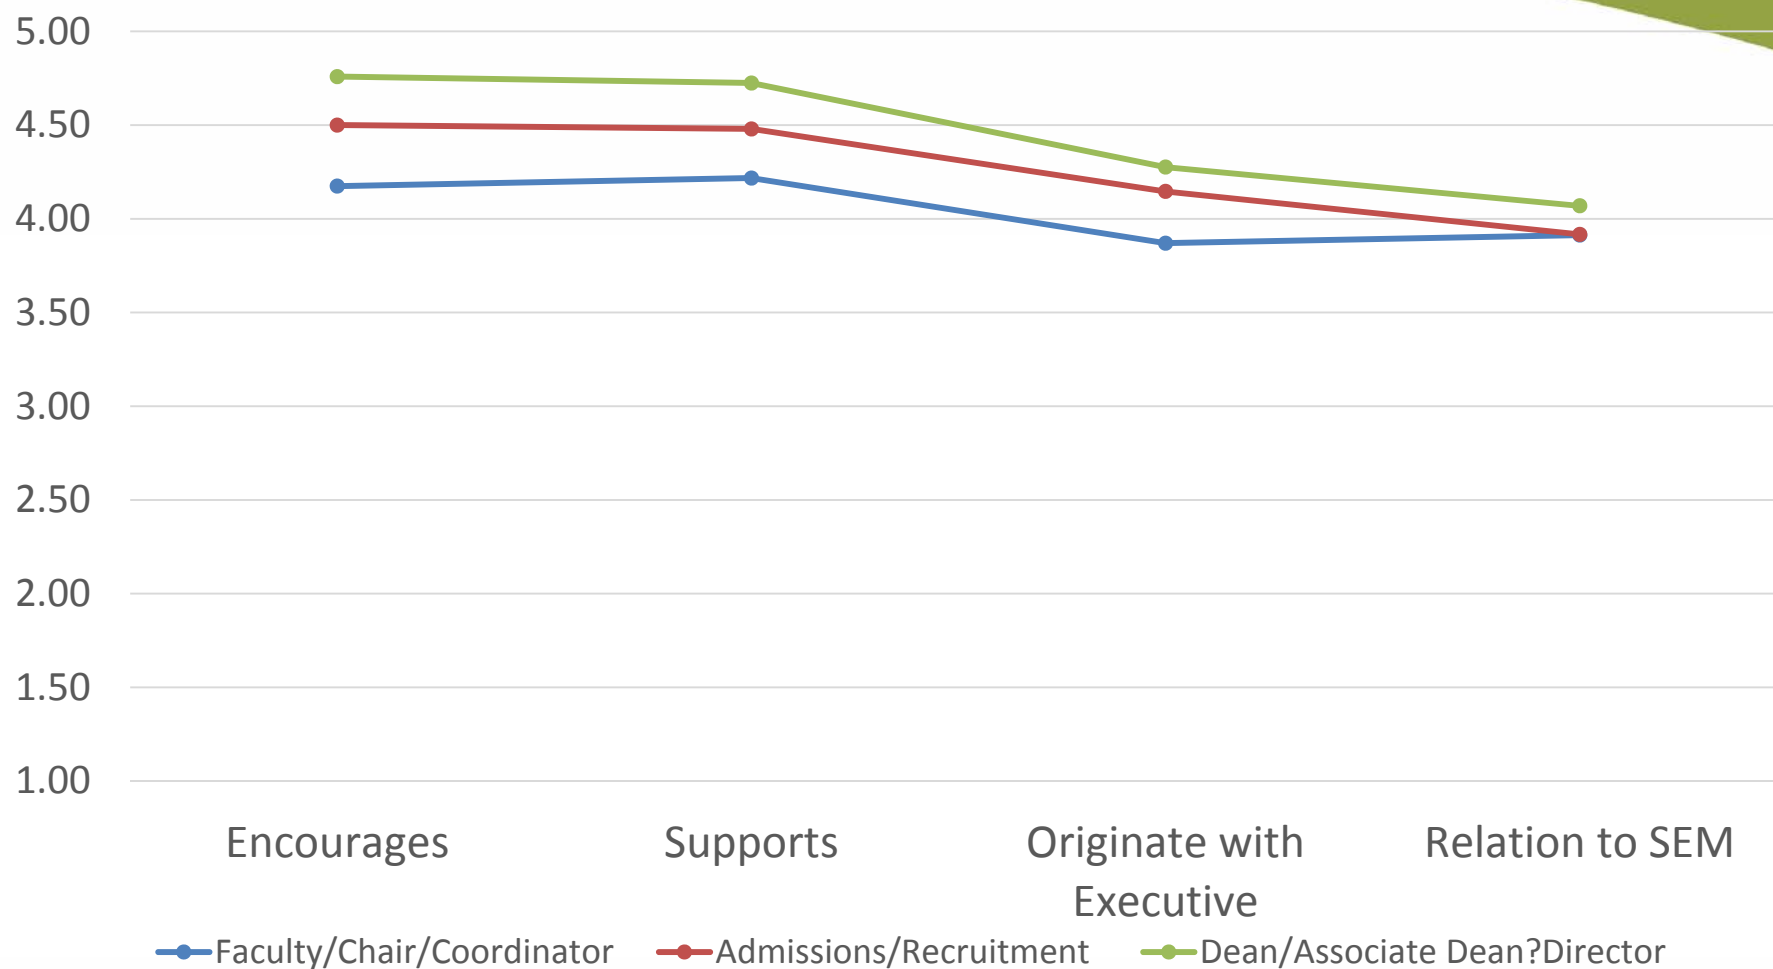

Category	Practices
Communication	Outreach campaigns Open forums Strategic initiatives
New Behaviors/Practices	Pathways officer sustained Database tracking Revamped website
New Terms/Language	“Advanced Standing “ “Course equivalence” “Degree pathways “
Providing Information to Students	Website Internal TVs Presentations to high school teachers

Investment

FORMAL LEADERS COMMITMENT

Comparison of SEM statements by Level of Authority

Aggregate averages related to investment

■ Creating and using student mobility practices is a good investment for my institution.

■ There is/will be a return on investment for my institution's efforts on student mobility.

■ I am aware that my institution has accessed special funding for student mobility.

■ I am aware of the results my efforts have on credit transfer activity for students.

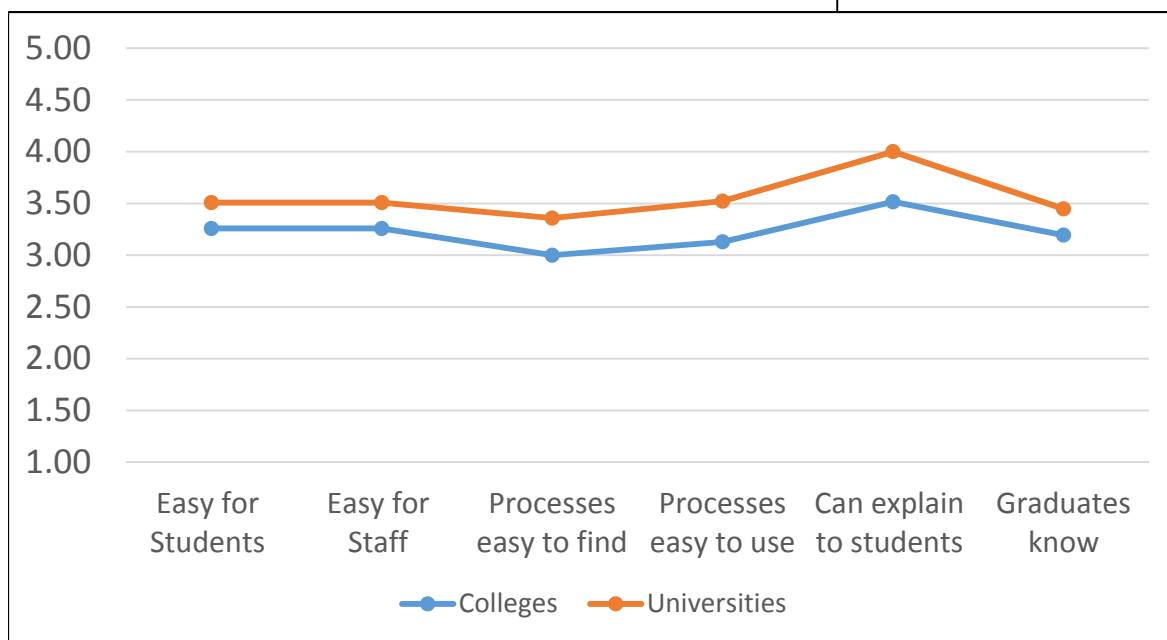

■ I am aware of the results of student mobility initiatives as a whole.

■ I am aware of the results of student mobility initiatives for my institution.

■ I am aware of the results of student mobility initiatives for specific schools of study.

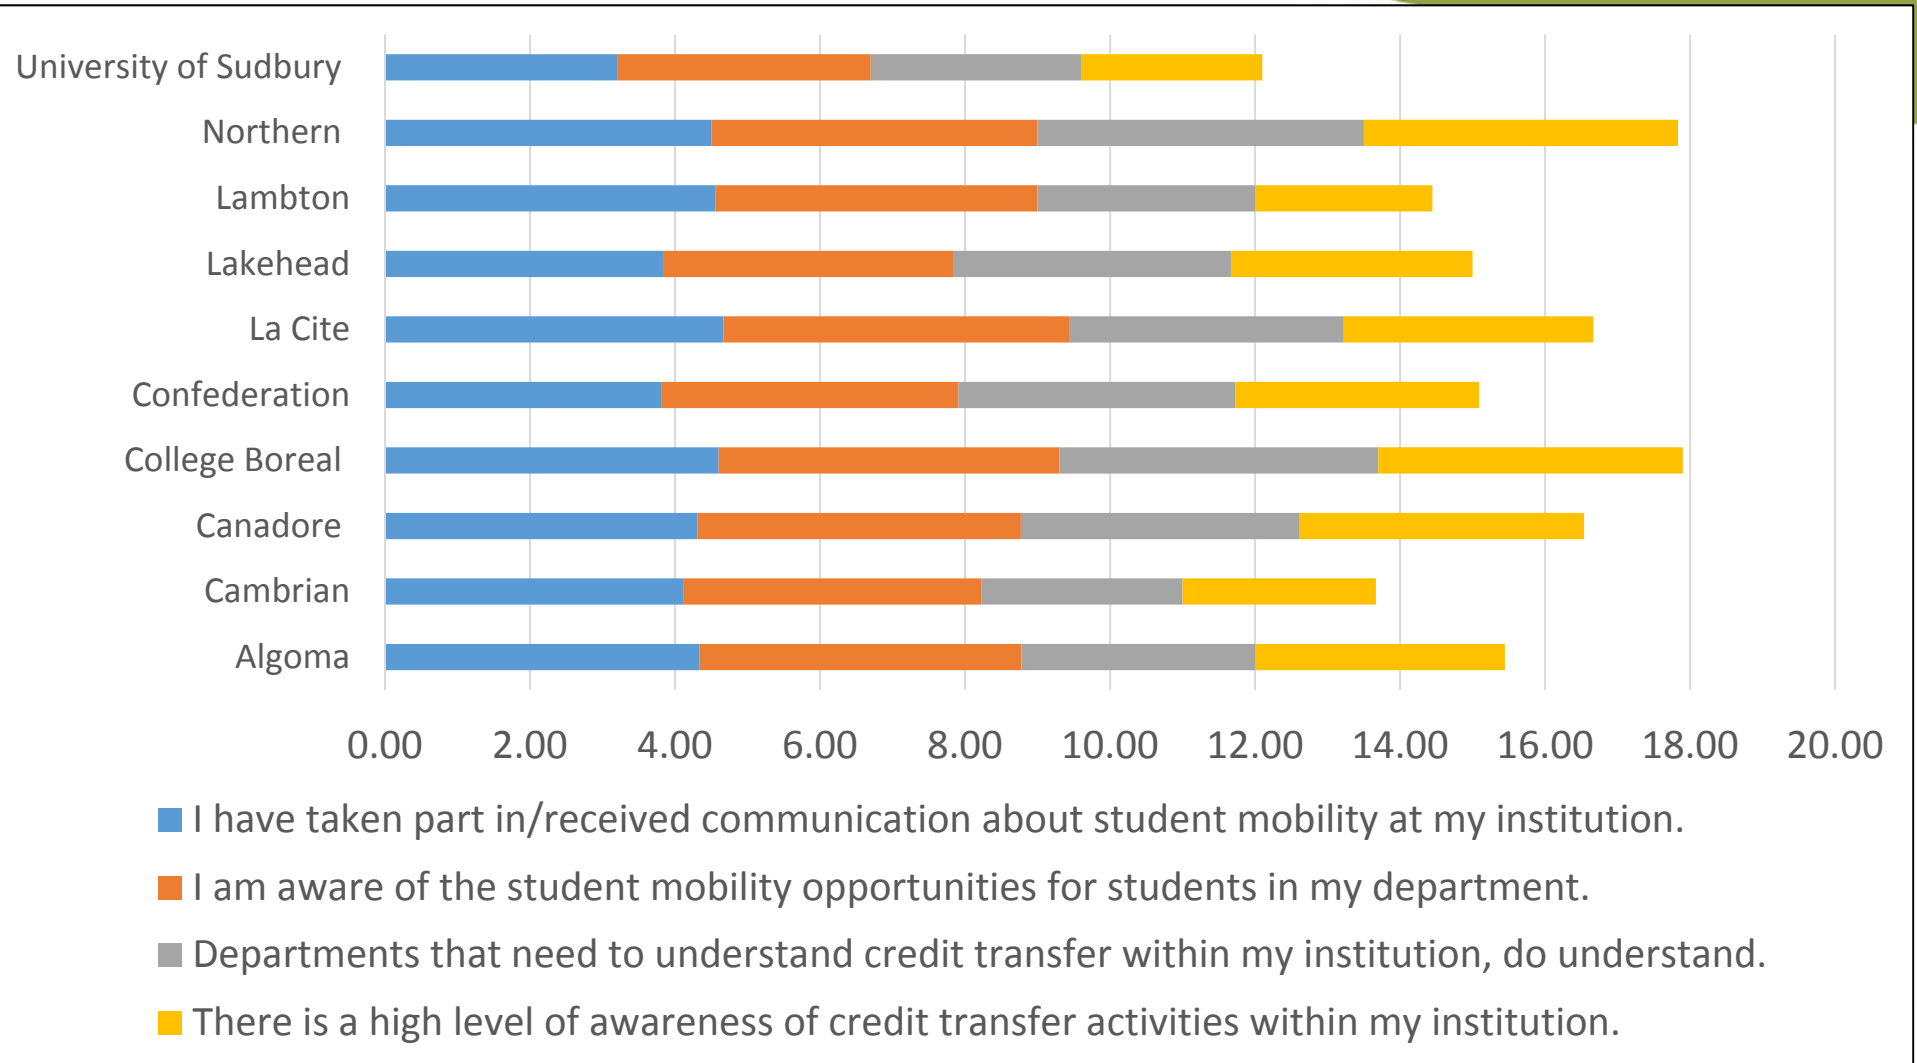

Sector comparison

Return on Investment

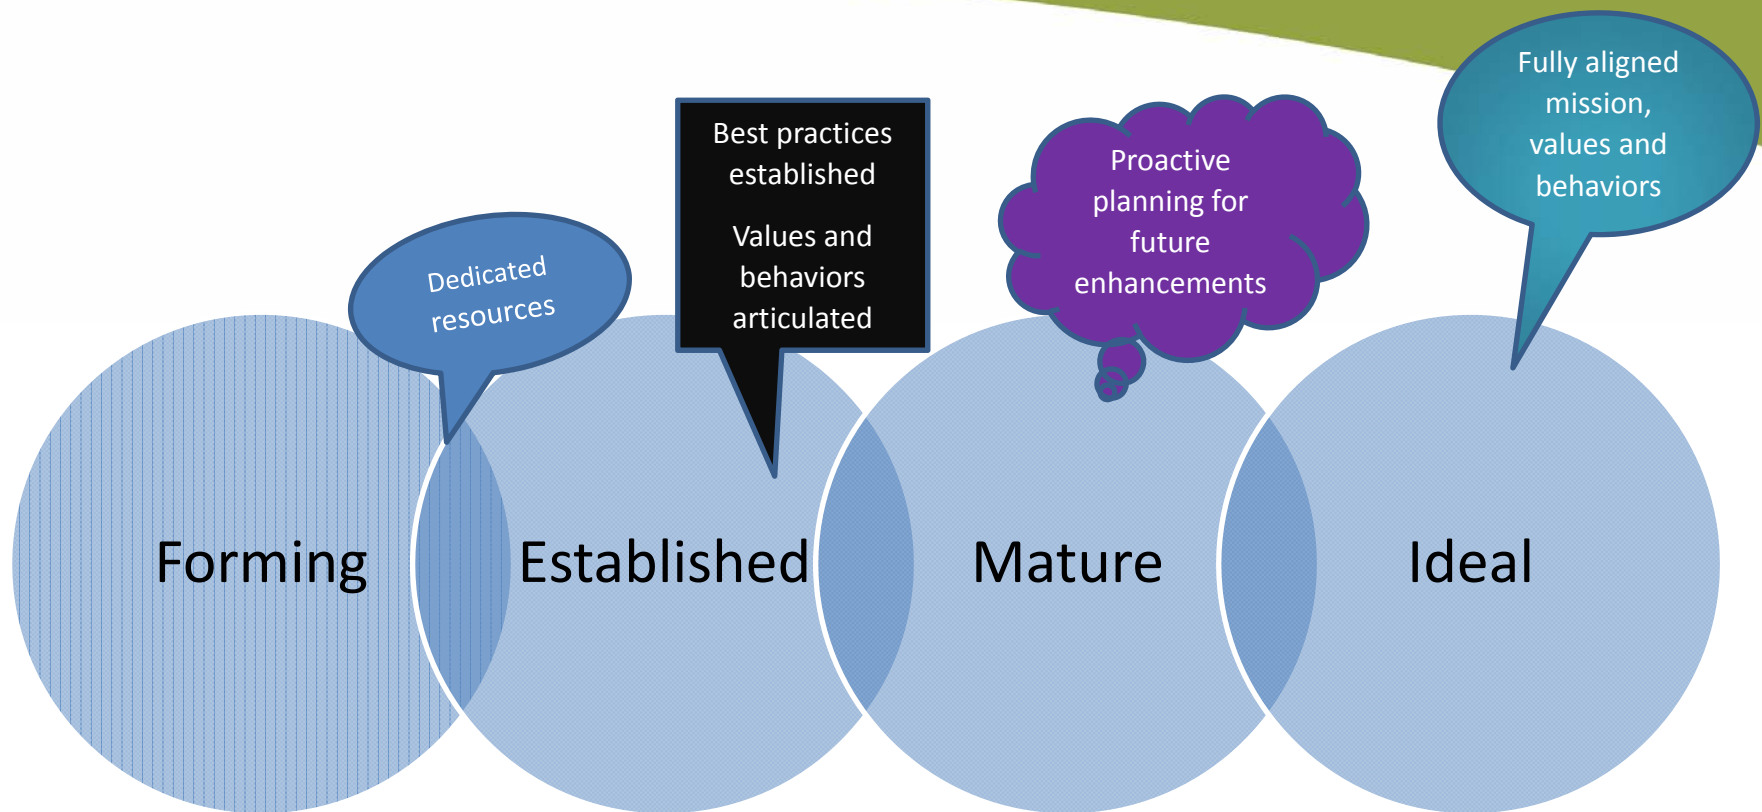

Student Decision Making

Aggregate averages of communication and student mobility

Answering the Research Questions

- What is a culture of mobility?
- Why is a culture of mobility important?
- What are the key determinants of a culture of mobility?
- What values are demonstrated in a culture of mobility?
- Why do small institutions want or need a culture of mobility?
- How can a culture of mobility be created and sustained?

Forming

Values	Expressed in the Mission and Vision
Information sharing	Expressed desire for student flow of information May have Institution to institution flow of information
Communication	Increasing awareness
Lexicon	No formal lexicon
Engagement by level of authority	Some are engaged, likely at higher levels of authority

Established

Values

Expressed in the Mission and Vision
Exhibited in the strategic plan

Information sharing

Expressed desire and demonstrated internal to student flow of information Institution to institution flow of information

Communication

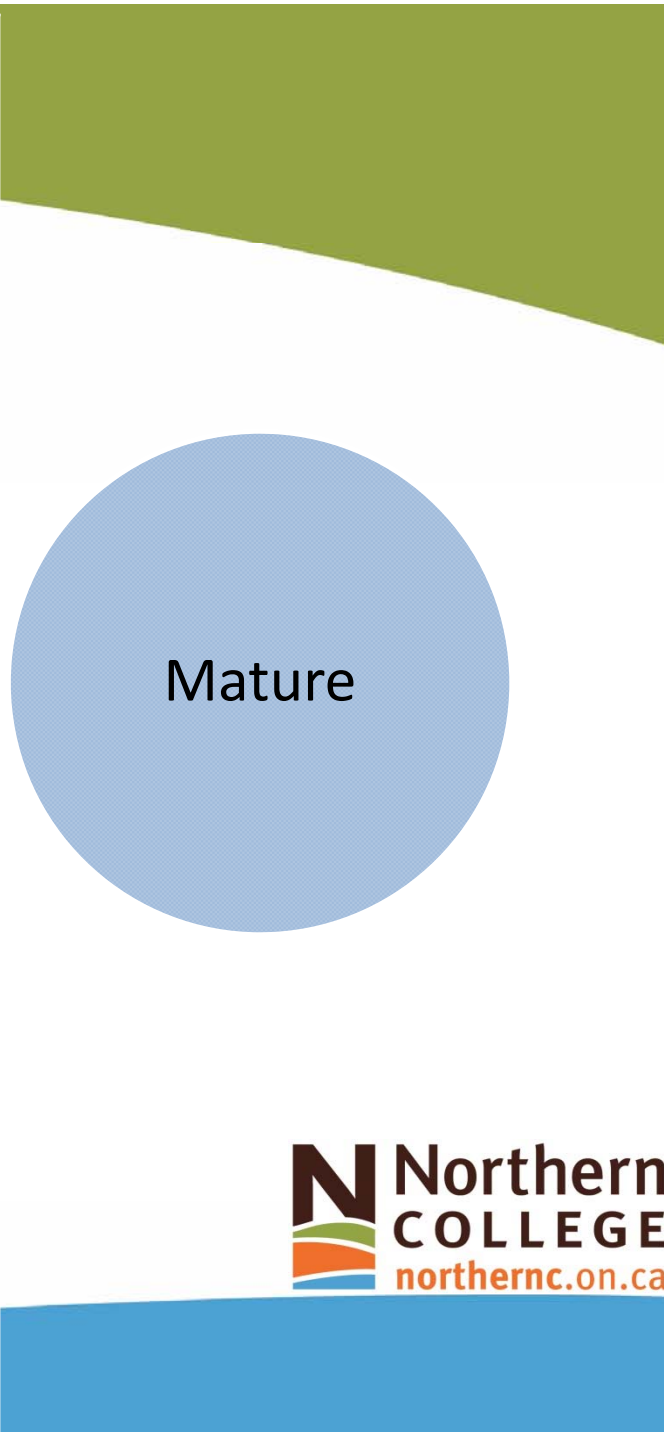

Maintaining awareness

Lexicon

Partial lexicon

Engagement by level of authority

Majority are engaged but not equally distributed throughout levels of authority

Values	<p>Expressed in the Mission and Vision</p> <p>Exhibited in the strategic plan and business plan</p>	 <p>The diagram illustrates the 'Mature' stage of an organization. It features a large light blue circle with the word 'Mature' in the center. To the right of the circle is a green trapezoidal shape pointing upwards. At the bottom right is the Northern College logo, which includes a stylized 'N' with orange and green horizontal bars, followed by the text 'Northern COLLEGE' and the website 'northernnc.on.ca'. A blue trapezoidal shape points upwards from the bottom left towards the center of the diagram.</p>
Information sharing	<p>Demonstrated and exhibited internal to student flow of information and Exhibited institution to institution flow of information</p> <p>Expressed wish to share waitlists</p>	
Communication	Expanding awareness	
Lexicon	<p>Full lexicon looking to develop breadth</p> <p>Understood by most</p>	
Engagement by level of authority	Majority are engaged at all levels authority	

Values	<p>Expressed in the Mission and Vision</p> <p>Exhibited in the strategic plan and business plan</p> <p>Demonstrated values fully aligned with organizational activity</p>
Information sharing	<p>Demonstrated and exhibited internal to student flow of information and</p> <p>Demonstrated and exhibited institution to institution flow of information</p> <p>Demonstrated and exhibited sharing of waitlists</p>
Communication	Transforming awareness
Lexicon	<p>Full lexicon breadth and depth</p> <p>Completely understood by all</p>
Engagement by level of authority	<p>All are engaged</p> <p>Equal engagement at all levels of authority</p>

Stage on the Spectrum	Best Practice Demonstrated	
Forming	Complete transfers as the need arises Working on centralization Develop communications tools to promote student mobility Information sharing through a variety of means Terminology is explored	
Established	Pathways Officer Database for tracking credit transfer Website information readily available Target student mobility to enhance enrollment Policies established Terminology is confirmed	
Mature	Conduct environmental scans for potential Student Mobility Gather data about where the students are going Assess pathway utilization Lexicon is developed	

Recommendations

Recommendation One:

An inventory of underutilized pathways be compiled with an assessment of why the pathways are underutilized

Recommendation Two:

A trial of best practices applied to specific cultures be tested to determine impact and movement on the culture of mobility spectrum

Recommendation Three:

An exploration of processes for student application to a college or university which results in an automated pathway generated be completed

Recommendation Four:

A formal corporate lexicon of mobility be established provincially and published on the ONCAT website

Recommendation Five:

An exploration of a formal process to share waitlists for oversubscribed programs
In colleges or universities be considered

Thank you!!!
